Project Description

According to the IADB, this regional Technical Cooperation (TC) is designed to strengthen the capacities of members of the City Finance Secretaries Network of LAC, a city-led platform supported by the IDB serving as Technical Secretariat. Through a flexible, progressive, and demand-driven approach tailored to cities' needs, the TC seeks to improve the members' access to financing for urban resilience and sustainable urban development. The specific objectives of this TC are: (i) to support cities in strengthening enabling conditions for access to financing for urban resilience, including improvements in local public finances, financial planning, the preparation of bankable projects, and the strategic use of financial instruments to access urban resilience financing; (ii) to consolidate the institutional and operational capacities of the Network by strengthening its coordination, governance, and operational mechanisms, ensuring its sustainability and effectiveness through the consolidation of processes and working tools that reinforce its positioning as a regional platform; and (iii) to position the Network as a regional reference through the systematization of lessons learned, the generation of applied knowledge, and the strategic dissemination of results, strengthening its reach, recognition, and articulation with key stakeholders.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
