Project Description

According to the IADB, the general objective of the TC is to support the preparation and implementation of the second individual operation (RG-L1175) under the Conditional Credit Line for Investment Projects (CCLIP): Regional Integration of the River Plate Basin Countries (RG-O1679). The proposed operation seeks to continue strengthening regional integration in the River Plate Basin through investments aimed at: (i) improving physical and digital connectivity among the countries of the Basin; (ii) optimizing logistics, trade facilitation, and urban and rural development in border areas; and (iii) strengthening the capacities of FONPLATA and the governments of the Basin in project management and execution, technology and innovation, monitoring and evaluation, development effectiveness, and diversity and inclusion.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
