Early Warning System

IADB-RG-T5054

Quality, Sustainable, and Resilient Infrastructure for Latin America and the Caribbean

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Active
Bank Risk Rating	U
Voting Date	2026-09-18
Borrower	IDB borrowing countries
Sectors	Climate and Environment, Infrastructure, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.10 million
Project Cost (USD)	$ 0.10 million

Project Description

According to the IADB, the general objective of this Technical Cooperation is to produce a set of practical instruments (diagnostic tools, contractual and financing guidance, and knowledge products) that translate the IDB's sustainable and resilient infrastructure agenda and the Sustainable Infrastructure Framework into products that governments, project teams, and private investors can directly use, embedding sustainability, climate resilience, and long-term economic performance into infrastructure preparation, structuring, and investment across Latin America and the Caribbean.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
