IADB-SU-T1166

Promoting employability for women and diverse groups in Suriname

Project Description

The Objective of this Technical Cooperation is to provide support to promote employability of women and diverse groups in Suriname.

To this end, the TC will: (i) obtain information on the status, history, and determinants of the labor market variables for women and diverse groups; (ii) establish an action plan to promote the employability of women and diverse groups; and (iii) explore specific interventions to promote the employability of women and diverse groups.

ACCESS TO INFORMATION

You can submit a request for information disclosure at:

https://www.iadb.org/en/access-information/information-request.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
