Investment Amount (USD)	\$ 0.35 million
Project Cost (USD)	\$ 0.35 million

Project Description

The general objective of this Technical Cooperation (TC) is to support the Ministry of Education, Science, and Culture (MOESC) in the technical and operational execution of SU-L1072. This assistance will focus on key areas identified during the project design phase, including: (i) developing a clear action plan for the rollout of the English language program including stakeholder awareness and buy-in for the implementation process; (ii) supporting the MOESC to accurately assess school's readiness to receive meaningful connectivity and devices for school management, teaching and learning; (iii) conducting preparatory work and stakeholder validation for the development of new secondary school TVET programs; and (iv) providing technical support for the school infrastructure activities.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
