### Economic Assessment of Carnival in Trinidad and Tobago

#### **Project Description**

The general objective of this Technical Cooperation (TC) is to enhance the understanding of the socio-economic significance of Trinidad and Tobago's Carnival on the tourism sector and the country's economy. Its specific objectives are: (i) to support the development and implementation of a methodological framework for assessing both the direct and indirect socio-economic significance of Carnival to the tourism and creative sectors, and (ii) to assist in applying the developed framework to determine Carnival's direct and indirect socio-economic contributions to tourism and creative sectors.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
