Project Description

According to the IADB, Ignite the World seeks to catalyze the support that is needed for accelerated growth and viability of start-ups in the Caribbean, piloting its approach in Trinidad and Tobago which has the Caribbean Region's largest industrial base and an urgent mandate for diversification. The project's main objective is to reduce the barriers related to mentorship, networking opportunities, and skills development that founders in Trinidad and Tobago face when trying to establish and scale their businesses.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
