### **Project Description**

According to the IADB, the objective of the technical cooperation is to contribute to the institutional strengthening of the NCC through the exchange of experiences, knowledge, and learnings based on the experience of Salvador, Brazil. In particular, this study tour is expected to provide participants with firsthand insights into the practices for Carnival festival management in Salvador, Brazil. The goal is to review and analyze Salvador's Carnival festival management strategies. The insights gained will be used to enhance Carnival festival management practices and improve participant experiences in Trinidad and Tobago.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
