Project Description

According to the IADB, the general objective of this Technical Cooperation is to support the Government of the Republic of Trinidad and Tobago to strengthen strategies for preventing and responding to gender-based violence (GBV) through a multisectoral, comprehensive, and coordinated approach. The specific objectives are: (i) to promote the engagement of men and boys in GBV prevention and response by addressing harmful norms, fostering equitable and non-violent relationships, and supporting interventions with perpetrators; (ii) to enhance capacities for multi-stakeholder GBV prevention and response by enhancing coordination across institutions and sectors, supporting early prevention in educational settings, and addressing sexual harassment and other forms of GBV.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
