

IADB-UR-L114

Productive Rural Roads Improvement Program

## Quick Facts

Countries	Uruguay
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	B
Voting Date	2016-11-09
Borrower	Government of Uruguay
Sectors	Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 75.00 million
Project Cost (USD)	\$ 130.00 million

### Project Description

The general objective of the project is to help raise productivity in rural areas by improving rural road infrastructure. The specific objective is to help improve accessibility and lower overall transportation costs through rural road rehabilitation and maintenance. The program will also serve to enhance the ability of public agencies, both national and departmental, to make public expenditure on delivery of rural road infrastructure services more efficient.

### Investment Description

- Inter-American Development Bank (IADB)

### Contact Information

#### ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
