Project Description

The objective of the CCLIP is to improve the productivity of companies by increasing investment in knowledge, human resources, innovation and entrepreneurship. The general objective of the first operation is to increase private investment in innovation through the support of innovative entrepreneurship and the strengthening of advanced human capital. The specific objectives are: (i) to stimulate the supply of early financing for innovative entrepreneurship, (ii) to increase the supply of advanced human capital according to the needs of the productive sector and (iii) to strengthen institutional capacities to achieve these objectives.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
