## **Project Description**

The program's general objective is to increase public and private investment in research and innovation activities. The specific objectives are to: (i) expand the supply of applied knowledge geared toward productive and social challenges; (ii) increase the availability of financing for business innovation; and (iii) strengthen ANII's institutional capacities. The program is the second individual operation under the CCLIP, approved by the Board of Executive Directors via Resolution DE-58/17.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
