Project Description

According to the IADB, the general objective is to contribute to improving the population's timely access to--and continuity of care within--the services of the National Integrated Health System (SNIS), with an emphasis on reducing territorial disparities within the public subsector. The specific objectives (SOs) are: (i) to enhance the capacity of the Ministry of Public Health (MSP) to exercise its stewardship over SNIS providers; and (ii) to improve the management capacity and effectiveness of the State Health Services Administration (ASSE) care network regarding the timely and continuous provision of services.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
