Innovation to Support the Energy Transition and Climate Action in
Uruguay II

Quick Facts

Countries	Uruguay
Specific Location	uninformed
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Government of Uruguai
Sectors	Energy

Project Description

The general objective of the program is to contribute to the sustainable growth of the country through the fair energy transition and innovation within the framework of Climate Change (CC) commitments. The specific objectives are: (i) contribute to the decarbonization of the transportation sector; (ii) support the development of green hydrogen, with private participation through the use of Renewable Energy (RE) resources; and (iii) strengthen the ecosystem of innovation, capacity development, gender and diversity, and financing for Climate Action (CA).

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
