Project Description

The main objective of this Technical Cooperation is to improve children's learning and development by increasing quality of ECD centers through a higher involvement of parents in the process of service delivery. The specific objectives of the TC are to: (i) improve service quality by increasing parents' engagement in centers; and (ii) increase attendance of preschool services of 3 to 5 year-old children, by increasing parents' knowledge of the importance of attending school at this age.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
