## Project Description

The objective of this Technical Cooperation (TC) is to support the Government of Uruguay in the development of baseline technical studies for the implementation of UR-L1157, and; build on recent advances in the development and systematization of natural capital accounting and ecosystem services in the country. The TC supports two lines of action of the Program: (i) Line of Action 5 of Component 1 "Strengthen the capabilities of the Ministry of Housing, Territorial Planning and Environment (MVOTMA) for the development and application of Economic Instruments", and; (ii) Line of Action 2 of Component 2 "Promote environmentally sustainable practices".

## Investment Description

- Inter-American Development Bank (IADB)

Ordinary Capital

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
