Support to the MoF in the design and implementation of a climate and environmental policy mainstreaming road-map

Project Description

Support the definition of the MoF's specific role within the national climate policy framework through the elaboration, formulation, and implementation of a roadmap that will lead to the mainstreaming of climate policy within each of the relevant areas. This will be done with the objective of defining the specific measures that will comprise the country's second Nationally Determined Contributions (NDC) with specific commitments for 2025 and 2030.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
