| Project Cost (USD) | \$ 0.20 million |

Project Description

According to the IADB, the objective is to provide operational support for the preparation and execution of the Innovation Promotion Program in Uruguay (UR-L1208), through the design, validation, and strengthening of instruments, methodologies, and institutional capacities that enable ANII and the national innovation ecosystem to improve science-business linkages, expand funding opportunities for innovation, and generate evidence to inform decision-making in science, technology, and innovation policies.

Investment Description

- Inter-American Development Bank (IADB)

ACCESS TO INFORMATION

You can submit a request for information disclosure at:

<https://www.iadb.org/en/access-information/information-request>.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
