Project Description

According to the IADB, the general objective of this Technical Cooperation (TC) is to strengthen the institutional and digital capacities of Uruguayan government entities for the monitoring, management, and analysis of governmental strategic priorities. The specific objectives are: (i) to strengthen the Center of Government units to manage and monitor government priorities; (ii) to enhance the institutional capacities of organizations within the public integrity, money laundry prevention and oversight system related to governmental strategic priorities; and (iii) to promote innovation through an Information Technology (IT) management framework and the adoption of Artificial Intelligence (AI) solutions.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
