Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.38 million

Project Description

The general objective of this Technical Cooperation (TC) is to provide support to the local government of Cumana, Venezuela for the design and implementation of seismic-resilient city initiatives. The Municipality of Cumaná requested technical assistance from the Bank to strengthen their knowledge and to implement capacity to reduce the local seismic risk, based on the results of the Action Plan.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
