Humanitarian Assistance for Populations Affected by the impacts of the Earthquakes that hit the Central Coast of Venezuela

Project Description

According to the IADB, the objective of this emergency assistance is to support the Government of the Bolivarian Republic of Venezuela in implementing humanitarian assistance actions aimed at addressing the immediate needs of the population affected by the earthquakes that occurred on June 24, 2026, through the provision of emergency assistance and the implementation of technical assessments to inform rehabilitation and early recovery actions.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
