Project Description

The project's main objective is to support the growth of Finabank's loan portfolio in Suriname by strengthening its capital. The idea is to consolidate a financial institution in the Caribbean that can facilitate loan access for private companies in an environment where financial options are limited, especially for medium-and long-term needs.

Established in 1991, Finabank operates in several areas of the commercial and retail banking sector, offering a wide range of products and financial services. Finabank's main focus has been to stay actively involved in client needs and offer customized financial services and products in order to create long-lasting partnerships.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
