Project Description

The Consortium Transportadora Salaverry S.A., formed by the companies Tramarsa and the shipping company of the same name, was awarded the concession of the Salaverry Multipurpose Port Terminal (“TPMS” or the “Port”) in May 2018 and incorporated Salaverry Terminal Internacional S.A. (“STI”, the “Concessionaire” or the “Company”), the entity that started the modernization and operation of the Salaverry Port. This transaction consists of financing a 20-year A/B Bond for STI, which will be used to refinance a construction facility that financed the modernization of the TPMS between 2020 and 2022, as required by the concession commitments (the “Project”).

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
