## Project Description

According to the IDB Invest, the objective of the Haiti Smart Meter Project (the "Project") is to install and operate an electricity smart meter system including up to 100,000 smart meters, its associated facilities, and a pre-paid collection system. The Project focuses on areas in Port-au-Prince and is expected to improve the financial position of Electricite d'Haiti, the government-owned electric utility, by reducing commercial and technical losses. With an estimated Project cost of US\$15 million, the financing will consist of an A Loan to be funded by IDB Invest of up to US\$4 million and a Blended Finance Subordinated Loan of up to US\$8 million to be funded by a Blended Fund managed by IDB Invest which is subject to the availability of Blended Finance funds at the time of request of the funds.

#### ACCESS TO INFORMATION

You can submit a request for information disclosure at: <https://www.iadb.org/en/access-information/information-request>

#### ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
