Project Description

IDB Invest proposes a US\$5 million equity investment in Desarrollos Gopca, S.A.P.I. de C.V. ("Netwey"), a Mexican internet service provider (ISP) founded in 2018, offering fiber-to-the-home (FTTH) and fixed broadband (HBB) connectivity. Netwey offers high-speed internet access to low-income customers through a unique prepaid service model, standing out for offering high-speed internet with no long-term contracts or penalties for suspension, reconnection or cancellation. Since its inception, Netwey has experienced significant growth, reaching more than 250,000 connected homes and expanding to 17 of Mexico's 31 states. The proceeds of this investment will be used primarily to support Netwey's expansion plans, focusing on the expansion of its fiber network.
