Project Description

The main objective of the project is to support Magalu in its digital transformation strategy, which includes planned investments, especially in technology, over the next two years (2025-2026). The main initiatives include: (i) enhancement of the digital marketplace for retailers and MSMEs; (ii) provision of a multichannel fulfillment platform to optimize logistics and reduce costs; (iii) launch of Magalu Ads to improve advertising for small businesses; (iv) modernization and promotion of financial inclusion for consumers and entrepreneurs through Magalu Fintech; (v) implementation of Al focused on task automation, logistics optimization, and improving customer experience; and (vi) development of Magalu Cloud, the first Brazilian cloud service made available to Magalu's extensive network of MSMEs that sell products and services on its marketplace, representing a significant milestone for both the company and the country.

The proposed financing consists of a senior unsecured loan of US\$100 million equivalent in R\$, divided into two tranches: (i) US\$50 million in a committed tranche; and (ii) US\$50 million in an uncommitted tranche. Tranche II is subject to the receipt of Magalu's 2025 financial statements and approval by IDB Invest. The IDB Invest loan will be granted alongside a US\$150 million IFC A/B loan, under the same commercial terms.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
