Investment Amount (USD)	$ 20.00 million
Loan Amount (USD)	$ 19.99 million

Project Description

As stated by the IDB Invest, the Vientos Bonaerenses III and IV project involves the construction of two wind farms in the municipalities of Tornquist (VBIII) and Bahía Blanca (VBIV), in the province of Buenos Aires.

The Project, which will consist of 16 wind turbines (8 per farm) and have a total installed capacity of 99.1 MW, includes the supply, installation, engineering, procurement, and construction of:

(i) the VBIII and VBIV wind farms;
(ii) an expansion of the existing 33 kV electrical substation to evacuate the energy generated to the Argentine Interconnection System (SADI) through the Tres Picos 132/33 kV Transformation Station;
(iii) an internal underground medium-voltage and communication network;
(iv) an operation and maintenance building; and
(v) access roads and auxiliary roads within the farms.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
