Camposol: Short-Term Working Capital Facility for Agroindustrial Operations in Peru

Project Description

According to the IDB Invest, the proposed transaction consists of an unsecured senior revolving credit facility of up to US$50 million (the "Facility") to support the working capital needs of Camposol S.A. ("Camposol" or the "Company"), a leading company in the global fresh fruit market. The Facility seeks to support the Company's sustained growth by providing short-term liquidity to finance the operating cycle associated with its growth plan at its farms in Trujillo.

The transaction will contribute to: (i) increasing Camposol's production and commercialization of Peruvian agricultural products; (ii) improving blueberry and avocado productivity through proprietary genetic improvement and varietal renewal programs; and (iii) increasing employment and procurement from local suppliers.

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
