Investment Description

- International Finance Corporation (IFC)

Tuba Rai Metin (TRM) was founded as an NGO MFI by Save the Children Federation in July 2001. It managed to survive through the civil unrest from 2006 to 2007 which wiped out 13 NGO MFIs from the market in Timor Leste. TRM is in a transformation process to become a regulated MFI under the license of Other Deposit Taking Institutions (“ODTI”) by having set up a for-profit subsidiary, KIF. TRM has been receiving technical assistance with support from various institutions such as UNCDF, Incofin, and IFC, and has received debt financing from UNCDF, Grameen Crédit Agricole, Incofin, ANZ Bank, Triodos, ResponsAbility, Kiva, and the Government of Timor Leste. It also engages in a Financial Literacy pilot program supported by ILO, which is the only non-financial activity of TRM and accounted separated.

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
