Mazar IPP Afghan

Quick Facts

Countries	Afghanistan
Specific Location	Dehdadi District, Balkh Province
Financial Institutions	International Finance Corporation (IFC)
Status	Proposed
Bank Risk Rating	B
Borrower	Afghan Power Plant Company
Sectors	Energy
Loan Amount (USD)	\$ 21.40 million
Project Cost (USD)	\$ 91.80 million

Project Description

According to the bank website, the proposed project involves the development, construction, operation and maintenance of a 58.56MW green-field, indigenous gas-based power plant, near the city of Mazar-e-Sharif, in the north-western region of Afghanistan (Project or Mazar IPP project). This will be the first private sector power project to use domestically produced natural gas and is expected to boost the country's power generation by 30% approximately and supply electricity to about one million people.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
