## Project Description

This equity investment proceeds will be used for Number Two Piggeries (Proprietary) Limited ("Number 2 Piggeries") expansion program to meet growing demand and improve efficiencies along its integrated value chain including (i) pig farms; (ii) processing facilities; (iii) feed mill; (iv) milk cattle farms; and (v) working capital. Number 2 Piggeries is the largest and most efficient pork producer in South Africa, accounting for 20% of national sow herd. The proposed investment in Number 2 Piggeries 'production facilities, will enable the company meet growing demand and improve efficiencies alongside its integrated value chain including in piggery and dairy. All existing abattoirs are located in urban and peri-urban settings. Two abattoirs are in South Africa (Cape Town and Queenstown) and one is located in Mariental, Namibia. All dairy (5) and pig farms (21) are situated on agricultural lands in the Eastern Cape, Western Cape, Free State, KwaZulu-Natal and Gauteng provinces of South Africa covering areas ranging from 500 ha to 2,000 ha. These farming operations were acquired through willing buyer-willing seller transactions.
