## Project Description

This project finances two parts, one is a debt investment to part-finance Granules' investment that will go towards setting up new capacity, expanding existing capacities; investing in other general capital expenditure requirement at all existing facilities; and investing in R&D to improve its product mix in favor of higher value-added products.

The second part will go to capital expenditures in India to build a greenfield API manufacturing facility in Vishakhapatnam.

## ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
