Private Actors Description

JSC BGEO is one of the largest banking and industrial groups in Georgia which successfully explores investment opportunities in (among others) the financial, healthcare and real sectors in the country. JSC BGEO is a fully owned subsidiary of the UK incorporated BGEO Group PLC. BGEO Group PLC is listed on the premium segment of the London Stock Exchange (LSE) and has a current market capitalization of approximately U\$1.4 billion. Its top 10 institutional shareholders which, in aggregate, own about 40% of the Group's shares include Schroeder Investment Management PLC, Harding Loevner LP and Westwood International Advisors Inc.

JSC BGEO was established in August 2015 as a result of a corporate reorganization of the Group to address the requirements of the National Bank of Georgia (NBG) to regulate banks in the country on a standalone basis and limit investments in non-banking subsidiaries by locally regulated banking entities. JSC BGEO subsidiaries are grouped into banking and investment businesses, which represent an optimal fit to manage JSC BGEO's operations as a Georgia-focused banking group with an investment arm. There are three principal subsidiaries under JSC BGEO: JSC BGEO Investments, JSC BG Financial and BOG; where BOG constitutes the majority of the Group's core business.
