## Project Description

The loan is to be used to fund the growth of Multibank Inc.'s SME and housing portfolios. The project will improve access to finance for SMEs and low income housing in Panama, where the majority of top banks focus on corporates and high end retail clients allow the bank to access long term funding.

Multibank's portfolio is mainly composed of retail (21%), housing (18%), commercial and service operations for both corporate and SME clients (35%). SME lending under the asset class supported accounts for approximately 5% of the total portfolio. IFC will also be providing technical assistance to bank on sustainable finance to expand the bank's work in this area. The overall portfolio risks includes limited business activities that have potential limited adverse environmental or social risks or impacts that are few in number, generally site specific, largely reversible, and readily addressed through mitigation measures. IFC Advisory team is at the same time providing technical assistance to Multibank on Sustainable Energy Finance ("SEF") and developing green products.

## ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
