Project Description

This project consists of the privatization, upgrade, maintenance, management and operation of 7 Greek regional airports, under a 40-year concession. These airports include Rhodes, Kos, Samos, Mytilene, Mykonos, Santorini and Skiathos.

Some of the immediate components will include terminal refurbishment and expansion, rebuilding of rescue and firefighting building, new landslide configurations, and new aprons. These will be completed within the first 4-years of the concession.

Investment Description

- International Finance Corporation (IFC)

This project provides an A loan from IFC's own account and potentially the provision of interest rate swaps.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
