Project Description

LMRKTS provides portfolio trade compression services which involves identifying redundant derivatives trade exposure and recommending offsetting ones to reduce counterparty and systemic risk. At present, the Company primarily serves banks and central counterparty clearing houses. Its proprietary algorithms have been demonstrated to eliminate client exposures with high efficiency and with little operational disruption to existing financial infrastructure.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
