Status	Active
Bank Risk Rating	C
Voting Date	2017-10-05
Borrower	NATIONAL BANK OF GREECE S.A.
Sectors	Finance
Ring Fence	No Restrictions
Investment Type(s)	Loan
Investment Amount (USD)	\$ 75.00 million
Project Cost (USD)	\$ 883.54 million

---

### Project Description

This project invests in euro-denominated mortgage covered bonds issued by National Bank of Greece S.A.

### Investment Description

- International Finance Corporation (IFC)

The total bond issuance will be between EUR500 and EUR750 million.

The National Bank of Greece is one of the four systemic banks in Greece, with total assets of EUR70 billion as of June 30, 2017, translating into 26% market share of Greek banking sector assets. The Bank was established in 1841 and is active in retail, corporate, and private banking, asset management, insurance, treasury, capital markets and other services. Following the successful recapitalization of the Greek banks in November 2015, NBG is owned 40% by the Hellenic Financial Stability Fund ("HFSF"), while the remaining shares are held by a large number of private investors, each holding less than 5% of the Bank's ordinary share capital.

### Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- [National Bank of Greece S.A.](#) (Financial Intermediary)
- [National Bank of Greece S.A.](#) (Financial Intermediary) **is owned by** [National Bank of Greece](#) (Parent Company)

### Private Actor Relationship

There is often limited information publicly available about what development banks are funding through financial intermediaries. In 2021, the Early Warning System partnered with Oxfam International to incorporate information on high-risk projects being funded by financial intermediaries receiving funding from the International Finance Corporation (IFC) and the Dutch Development Bank (FMO).

The information listed below describes the relationship between the different private actors linked to high-risk sectors and subprojects of IFC and FMO's financial intermediary investments and/or the financial intermediary's parent companies made from 2017 through 2020, including any associated ring fences.

The database, however, does not explicitly or implicitly imply that IFC or FMO have material exposure to or are contractually or legally accountable to the sub-projects financed by their financial intermediaries or the financial intermediary's parent companies. It only shows a seemingly financial relationship among the different private actors, the financial intermediaries, and IFC or FMO.

### Private Actors Description

National Bank of Greece (NBG) is one of the four systemic banks in Greece, with total assets of EUR70 billion as of June 30, 2017, translating into 26% market share of Greek banking sector assets. The Bank was established in 1841 and is active in retail, corporate, and private banking, asset management, insurance, treasury, capital markets and other services. Following the successful recapitalization of the Greek banks in November 2015, NBG is owned 40% by the Hellenic Financial Stability Fund, while the remaining shares are held by a large number of private investors, each holding less than 5% of the Bank's ordinary share capital.

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
