Quick Facts

Countries	Turkiye
Financial Institutions	International Finance Corporation (IFC)
Status	Approved
Bank Risk Rating	C
Voting Date	2017-06-12
Borrower	Sumitomo Mitsui Banking Corporation
Sectors	Finance
Ring Fence	No Restrictions
Investment Type(s)	Guarantee
Investment Amount (USD)	$ 225.00 million

Project Description

According to IFC website, the project is a three-year, unfunded risk sharing facility whereby Sumitomo Mitsui Banking Corporation and IFC would share the risk, on an up to 50-50% basis, in a portfolio of up to US$450 million of senior loans that SMBC provides to banks in the Europe and Central Asia region.

The project is expected to provide financing to key financial intermediaries in the ECA region. Indirectly, this increased capacity will also improve the availability of credit to local producers and importers along the value chain and in a wide variety of sectors. IFC's support is much needed in the region to help financial intermediaries build capacity for their funding needs.

Investment Description

- International Finance Corporation (IFC)

SMBC was established in April 2001 by the merger of two leading Japanese banks: The Sumitomo Bank and the Sakura Bank. The Sumitomo Bank was a major Japanese bank founded in 1895; the Sakura Bank was a descendant of Mitsui Bank, another major Japanese bank founded in 1876. SMBC is a wholly owned subsidiary of the holding company, Sumitomo Mitsui Financial Group, a financial conglomerate including other financial services such as leasing, securities, credit card, mortgage and venture capital. SMBC is one of the largest commercial banks in Japan with an extensive network and growing international presence, and is one of the key partners for IFC. The Bank has offices in over 38 countries and regions in the Americas, Europe, Middle East, Africa, Asia, and Oceania.

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- Sumitomo Mitsui Banking Corporation (Financial Intermediary) **is owned by** SMBC Group (Parent Company)

Private Actor Relationship

There is often limited information publicly available about what development banks are funding through financial intermediaries. In 2021, the Early Warning System partnered with Oxfam International to incorporate information on high-risk projects being funded by financial intermediaries receiving funding from the International Finance Corporation (IFC) and the Dutch Development Bank (FMO).

The information listed below describes the relationship between the different private actors linked to high-risk sectors and subprojects of IFC and FMO's financial intermediary investments and/or the financial intermediary's parent companies made from 2017 through 2020, including any associated ring fences.

The database, however, does not explicitly or implicitly imply that IFC or FMO have material exposure to or are contractually or legally accountable to the sub-projects financed by their financial intermediaries or the financial intermediary's parent companies. It only shows a seemingly financial relationship among the different private actors, the financial intermediaries, and IFC or FMO.

An extended list of private actors is available in a separate file.

Private Actors Description

SMBC is one of the largest commercial banks in Japan with an extensive network and growing international presence, and is one of the key partners for IFC. The Bank has offices in over 38 countries and regions in the Americas, Europe, Middle East, Africa, Asia, and Oceania.

As of September 30, 2016, the Bank had total assets of US$1,469 billion, of which total loans constituted 48% or US$703 billion. Total deposits equaled US$979 billion and total stockholders’ equity equaled US$66 billion at the end of the period. The Bank has a relatively strong liquidity position and good credit quality. SMBC is rated “A” by Fitch, “A” by Standard & Poor’s, and “A1” by Moody’s.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
