Project Description

Zorlu Enerji is a Turkish power company with a total installed capacity of 1,090MW and with operations in Turkey, Pakistan and Israel. Zorlu Enerji is listed on the Istanbul Stock Exchange with a market capitalization of approx. US\$1 billion as of September 1, 2017, and is majority owned by Zorlu Holding A.S., a Zorlu family holding company. IFC has financed two prior projects with Zorlu Enerji, including the 135MW Rotor Elektrik wind project in Turkey and the 56.4MW wind project in Pakistan. The project consists of the construction, operation and maintenance of a 100MWp solar photovoltaic (“PV”) power plant that will be located in the extension of the Quaid-e-Azam Solar Park in the Cholistan Desert in Punjab province, Pakistan (the “Project”).

People Affected By This Project

The Project will: (i) help add new generation capacity and reduce the significant power supply deficit in Pakistan; (ii) diversify the energy mix in Pakistan and help harness indigenous solar resource; (iii) help reduce sector generation costs and enhance affordability, (iv) deliver climate change benefits by avoidance of greenhouse gas emissions, and (v) promote increased private sector participation in Pakistan's renewable power sector.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
