People Affected By This Project

- 1. Increasing clean energy production: The Project will help in achieving Government of India's Intended Nationally Determined Contribution of reducing the emissions intensity of its GDP by 33 to 35 percent by 2030 from 2005 levels, and reaching about 40 percent cumulative electric power installed capacity from non-fossil fuel based energy resources by 2030.
- 2. Climate Change Mitigation: IFC's investment will enable clean energy production that will help avoid GHG emissions. As the Project progresses based on actual power generation figures, company will estimate the GHG emissions reduction and report to IFC as part of its annual E&S performance monitoring report.
- 3. Employment generation: The Project will create employment opportunities estimated 400 during construction and 60 in operation phase.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
