Private Actors Description

IFC stated that the project was awarded to a consortium of PT Medco Power Indonesia (51%) and Ratchaburi Electricity Generating Holding Public Company Limited (49%), to implement through Medco Ratch Power Riau (MRPR).

PT Medco Power Indonesia (MPI) is a developer and operator of small to medium size gas-fired, geothermal and mini-hydro power projects. It was established in 2004 and is owned 88.63% by PT Medco Energi Internasional, Tbk, and 11.37% is owned by IFC.

Ratchaburi Electricity Generating Holding Public Company Limited (RATCH) acts as a holding company and accounts for a total installed capacity of about 6.6 GW operating and 952 MW under development contributing about 18% of Thailand's generation capacity. About 80% of RATCH's power assets are gas-fired and their projects are located in Thailand, Laos, Australia, China and Indonesia. RATCH is listed on the Thailand stock exchange and owned 45 % by the Electricity Generating Authority of Thailand, 20% Thai NVDR Company Limited and the remaining by other investors, each below 5%.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
