Borrower	DARP Intrum SPV
Sectors	Finance
Ring Fence	Small & Medium Enterprises
Investment Type(s)	Fund
Investment Amount (USD)	\$ 92.95 million
Project Cost (USD)	\$ 185.90 million

---

## Project Description

This project establishes a co-investment facility with Intrum Justitia AB to support the acquisition and resolution of consumer unsecured and small business non-performing loans. The aim of this project is to support Greek banks, provide liquidity for new lending in the Grek economy, and mobilize funding from the private sector.

---

## Investment Description

- International Finance Corporation (IFC)

## Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- [Intrum Justitia AB](#) (Financial Intermediary)
- [DARP SPV Intrum](#) (Financial Intermediary) **is owned by** [Intrum Justitia](#) (Parent Company)

---

## Private Actor Relationship

There is often limited information publicly available about what development banks are funding through financial intermediaries. In 2021, the Early Warning System partnered with Oxfam International to incorporate information on high-risk projects being funded by financial intermediaries receiving funding from the International Finance Corporation (IFC) and the Dutch Development Bank (FMO).

The information listed below describes the relationship between the different private actors linked to high-risk sectors and subprojects of IFC and FMO's financial intermediary investments and/or the financial intermediary's parent companies made from 2017 through 2020, including any associated ring fences.

The database, however, does not explicitly or implicitly imply that IFC or FMO have material exposure to or are contractually or legally accountable to the sub-projects financed by their financial intermediaries or the financial intermediary's parent companies. It only shows a seemingly financial relationship among the different private actors, the financial intermediaries, and IFC or FMO.

## Private Actors Description

For this project, IFC is partnering with Intrum Justitia AB. Intrum is a leading European credit service management company, domiciled in Sweden. The company has more than 100 years of operating history, has a presence in 24 countries across Europe and employs approximately 8,000 staff. Intrum is listed on Nasdaq Stockholm Large Cap and its shareholders represent a diversified base of institutional and private investors.

## ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
