Project Description

According to the IFC, the project consists of a risk-sharing facility for a portfolio with TEB Sh.A. under IFC's Small Loans Guarantee Program ("SLGP") which is supported by the IDA18 IFC-MIGA Private Sector Window's Blended Finance Facility ("IDA PSW-BFF") to de-risk and scales up lending to SMEs, in this case with a focus on underserved very small enterprises ("VSEs"), women-owned SMEs (WSMEs) and agri-SMEs in Kosovo.

The project is expected to have a strong development impact as follows:

- (i) Scaling up small loan financing to SMEs, including underserved segments such as women entrepreneurs and farmers in Kosovo, which in turn supports job creation;
- (ii) With the risk sharing facility, encouraging alternative financing structures and promote cash flow-based lending in a market dominated by collateral-based lending; and
- (iii) Promoting growth in agribusiness, a key economic sector: Approximately 60% of the country's poor live in rural areas and depend on the agricultural sector for their livelihoods. In this context, the project will reach the base of the pyramid by directly supporting the most vulnerable segments of the population.
