Project Description

According to the bank website, this project consists of up to US\$10 million trade finance guarantee facility under the Global Trade Finance Program (GTFP) for transactions with tenor up to 6 months. The Project is located in Addis Ababa, Ethiopia

The project builds on GTFP's global platform, increasing access to trade finance to emerging markets. The Project will provide increased access to trade finance to the Issuing Bank's customers, including both corporates and SMEs. On the market side, the project will further connect the Issuing Bank's cross border connections, increasing the country's integration through both financial and real sector channels. It will help to link more traders to other countries and connect the country's financial markets more deeply.

Investment Description

- International Finance Corporation (IFC)

According to the IFC, the Project consists of up to US\$10 million trade finance guarantee facility under the Global Trade Finance Program (GTFP) for transactions with tenor up to 6 months. GTFP offers confirming banks partial or full guarantees covering payment risk on banks in emerging markets for trade related transactions.

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
