Project Description

According to bank provided information, the investment is an IFC equity investment in Flat6Labs Amman (“F6LA” or the “Fund”) that would consist of up to USD2 million in the Fund which is a startup accelerator and early stage venture capital fund raising USD 20 million to invest in around 90+ Jordanian startups. This investment will fall under the IFC Startup Catalyst initiative, which supports entrepreneurship and innovation at the earliest stages.

In addition, IFC as implementing entity of the Women Entrepreneurship Finance Initiative (“We-Fi”) will provide USD 0.5 million (“the We-Fi co-investment”). The We-Fi co-investment will support the Fund to catalyze investment into more women-owned/led businesses and accelerate the Fund’s support to early stage high-impact women-owned/managed startups ensuring that they are an ongoing and dedicated focus of the Fund. No concessionality (i.e., “subsidy”) is provided by the We-Fi co-investment in this project as it will be on a pari-passu basis with the IFC own account investment.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
