## Project Description

The proposed project consists of a financing package of up to US\$40 million to the Omni Financial Conglomerate (“Omni”) through Omni S.A. – Crédito, Financiamento e Investimento (“Omni CFI”), Omni’s leading financial company. The financing package is comprised by: (i) an A-loan of up to US\$25 million in BRL equivalent; and (ii) a B-loan of up to US\$15 million. The Project entails a potential Advisory Services component to strengthen Omni’s risk management to ensure sustainable growth of its microfinance business model. The project will be part of the BOP program. The purpose of the proposed investment is to support Omni’s microfinance portfolio focused on: (i) microenterprises in the transport segment (low-income truck drivers); (ii) microenterprises in Frontier Regions; and (iii) low-income immigrants and refugees in Brazil, in line with IFC’s strategic pillar in Brazil to close the microfinance gap to foster employment and economic growth (the “Project”).
