Project Description

According to IFC website, the Lombard Asia V is a generalist growth capital PE fund focused on Thailand and the Mekong region (Myanmar, Cambodia, Laos and Vietnam, CLMV). The target fund size is US\$200-250 million with a target investment ticket size of US\$10-30 million across 10-13 investee companies for significant minority stakes. Sectors in which Lombard has been active historically include retail, consumer products, healthcare, education, financial services, telecommunications and media, logistics and automotive parts.

People Affected By This Project

Expected development impacts include:

- i) Access to growth capital for investee companies
- ii) Increased investee growth
- iii) Deepening private equity markets in Thailand and the Mekong region

Investment Description

- International Finance Corporation (IFC)

The target size of the Fund is US\$200-250 million. IFC's proposed investment in the Fund is an equity investment of up to US\$30 million, and a delegated authority co-investment envelope for a further potential US\$30 million in co-investments in the Fund's portfolio companies.

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
