Project Description

According to IFC's website, "the investment aims to support OCB's lending program to small and medium enterprises ("SME") and eligible SME climate projects in Vietnam".

People Affected By This Project

The development impact of the proposed project is delivered through (i) improved access to long-term funding to relevant stakeholders (OCB, and through them, their SME customers) which will support their capacity to expedite post-crisis recover; (ii) improved access to medium and long-term funding for SME climate projects; and (iii) promotion of financing to SMEs in Vietnam.

Investment Description

- International Finance Corporation (IFC)

According to the IFC, the total project cost is up to US\$100 million in form of a three-year senior A loan. IFC's loan to OCB described in this SII is targeted to support OCB's lending program to SMEs and eligible SME climate projects in Vietnam

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
