Project Description

According to IFC documents, the proposed investment comprises a senior debt investment of up to US\$250 million in HDFC Limited (HDFC or the Company). The loan proceeds will be used to provide retail buyers financing for affordable housing with a mutually agreed portion of IFC funding to be earmarked for green affordable housing

The Project is in line with the Government of India's "Housing for All by 2022" initiative. The most significant, expected project-level outcome is increased access to financing for affordable housing for lower and middle-income segments. The Project will also support HDFC in gradually growing its nascent green housing portfolio. Beyond the Project, IFC anticipates that the investment, together with other IFC's efforts in the segment, will help promote greater competitiveness in affordable housing financing via demonstration and replication channels.

Investment Description

- International Finance Corporation (IFC)

The proposed investment is a US\$250 million A-loan on IFC's own account.
