### **Private Actor Relationship**

Zenex is held by a consortium of investors including Multiples, Canada Pension Plan Investment Board and Rare Equity Private Limited.

### **Private Actors Description**

Zenex commenced its business with the acquisition of the animal health business of ZAHL, a wholly owned subsidiary of Cadila Healthcare Limited, which is focused on the development, marketing and sale of drugs, vaccines and feed supplements for livestock, poultry, companion, and other animals, for markets in India and certain other countries. This has been funded by equity from investors including Multiples and with debt. Zenex has a manufacturing facility in Haridwar, within the State Infrastructure & Industrial Development Corporation of Uttarakhand Limited (SIIDCUL) industrial area, which was earlier owned by ZAHL. This pharmaceutical formulation facility was commissioned in 2007 and has a monthly manufacturing capacity of 60000 liters per month (liquid injections), 156000 liters per month (liquid orals) and 15600 Kg tablets per month. The company does not have its own research and testing facility for product efficacy testing, but it collaborates with recognized national research institutes and laboratories for clinical trial/testing before launching the product.
